

NOTICE TO RESIDENTS

Flood Construction Level Report Workshop & Public Information Meeting

SNC-Lavalin Inc. (SLI) was retained to define the Flood Construction Levels (FCL) for the District of North Saanich, considering site-specific conditions such as wave exposure and shoreline type. The report details the methodology and findings of this study. The full report can be found at www.northsaanich.ca - *Marine Policies* link

Date: Tuesday, June 7, 2016
Time: 9 a.m. – 1 p.m. (coffee served at 8:30 a.m.)
Location: Mary Winspear Centre
2243 Beacon Ave W. Sidney, BC
