

Let's talk about Sea Level Rise in North Saanich!

A public forum hosted by PROW Mary Winspear Centre

January 23 2019

7:00 pm – 9:00 pm

- North Saanich is considering two new bylaws related to Sea Level Rise. New regulations would affect most, if not all, waterfront properties.
- Council has agreed to consider suggestions gathered by PROW at our community forum.
- We invite you to come hear about waterfront protection methods, learn about the current policies, and suggest improvements to the proposed bylaws.
- By working together, we can see North Saanich develops an approach we can support.

We hope to see you there!

Registration opens at 6:30 pm
